

YOUR PROFESSION NEEDS YOU!

warning:

many herbs will soon be illegal!

unless you act now

FUNDS are urgently needed for legal challenge to EU herb law!

- After 30 April 2011, the EU's Traditional Herbal Medicinal Products Directive (THMPD) comes fully into force
- Since so few herbal products can comply and so many herbs are viewed as medicinal (or novel), many herbal products you are currently using will effectively become **ILLEGAL**
- A judicial review (legal challenge) is urgently needed to change the faulty text in the Directive. Our expert lawyers indicate the grounds for challenge are strong...**BUT WE NEED YOUR HELP!!**

Does the judicial review of the THMPD affect me?

The answer is "Yes" if you are in any way reliant on using products with herbal ingredients in your practice!

Our expertise is at your disposal for **FREE**, but we are asking practitioners to donate **£20/€23 per month for 6 months** to help fund only the direct legal costs of the first stage – not much to keep your profession alive!

It's so simple to set up a regular donation at anh-europe.org – just click on the **DONATE TODAY** button and mark it 'Herb Challenge'.
