

NEW HEALTH PROBLEMS AFTER THE HPV VACCINATION?

Has your daughter suffered from any new health problems after having the HPV vaccination at school - **Gardasil** or **Cervarix**?

I'm collecting information to present to the Department of Health about the side effects some girls have suffered after having the HPV vaccination.

If your daughter has suffered any new medical problems since her vaccination, please get in touch with me - I would love to hear from you and your information may help other girls.

Please get in contact with me (Freda) at:
