CPD points applied for.

## Turn back the biological clock and retune metabolic, endocrine and immune systems: Lessons from 45 years of clinical experience.

Dr. Jonathan Wright is the Medical Director of Tahoma Clinic in Washington State, USA, where he also practices medicine. A Harvard University (A.B. 1965) and University of Michigan graduate (M.D. 1969), he is a leader in research and application of natural treatments for healthy ageing and illness. In 1982 he prescribed the first bio-identical multi-estrogen formula and is often recognized as the “Father of Bio-Identical Hormones”. Since 1989 he has trained physicians in his techniques. He has authored 13 books (selling over 1.5 million copies, with two texts achieving best-selling status) and numerous medical articles.

### Topics include...

- Women’s health, including, fibrocystic breast disease, breast cancer, menorrhagia, hair loss and bio-identical hormones
- Men’s health, including, endogenous and exogenous stimulation of testosterone, testosterone metabolite tests, hyper-excretion of testosterone, BPH, prostate cancer and gynaecomastia
- Type 2 diabetes: how to reverse insulin resistance and pre-diabetes before it manifests as full blown T2D
- Thyroid health, examining the fallacy of TSH testing and looking at the little-examined bio-chemical mechanism causing hypothyroidism

### PLUS a special guest appearance, sponsored by Natural Immunogenics Corp. from Robert Scott Bell D.A. Hom., author of *Unlock the Power To Heal*.

For the first time in the UK, Robert will provide dynamic and practical training on immune support and GI recovery protocols utilised by leading integrative practitioners over decades in the USA, based on use of Bio-Active Silver Hydrosol as well as whole food nutrients and homeopathy. You can hear Robert daily on UK Health Radio.
